**Goal 1: Inquiry skills for advancing psychological knowledge and diagnosis and intervention.**

___ 1. Knowledge of research designs and quantitative and qualitative inquiry.
___ 2. Ability to think critically about theories, research findings, and counseling practice, including analysis, evaluation, synthesis, integration, and application.
___ 3. Can formulate hypotheses and conduct original scientific inquiry.

**Goal 2: Provide counseling, consultation, and psychoeducational services to clients and consumers from a sound theoretical and research base.**

___ 4. Have foundational knowledge of psychological theories of counseling practice.
___ 5. Have established a coherent theoretical orientation to counseling psychology practice based on an integration of theory and contemporary research.
___ 6. Demonstrate proficiency in service delivery including individual and group counseling, consultation, psychological assessment, and programmatic interventions.

**Goal 3: Demonstrate ethical and professional behavior consistent with the profession.**

___ 7. Am knowledgeable about and understand ethical, legal, and professional standards and ethical decision-making models in counseling psychology.
___ 8. Identify and think critically about ethical and professional dilemmas.
___ 9. Demonstrate ethical and professional behavior across all professional settings.

**Goal 4: Provide competent services that are responsive to individual and cultural differences in a multicultural environment.**

(“Cultural and individual diversity” refers to diversity with regard to personal and demographic characteristics. These include, but are not limited to, age, color, disabilities, ethnicity, gender, language, national origin, race, religion, sexual orientation, and social economic status” (APA G&P, p. 5).]

___ 10. Have attained foundational knowledge of multicultural theories and the psychosocial characteristics of various multicultural populations.
___ 11. Have developed the ability to evaluate prevailing psychological theory and practice from a multicultural perspective. This ability includes personal awareness of the impact of cultural and dimensions, on the development, validation, and application of counseling psychology theory, technique, and assessment.
___ 12. Demonstrate competence in general and specific skills that facilitates cross-cultural relations in both counseling and professional settings.
General Goals:

___13. Being collegial and contributing to the energetic, respectful, and collaborative student-faculty atmosphere.
___14. Understand and implement the scientist-practitioner training model.
___15. Knowledge of counseling psychology & identification as a counseling psychologist.
___16. Openness to learning and supervision.
___18. Self-directed on going learning and development (e.g., reading beyond class assignments)
___19. Resolution of issues or problems that interfere with professional development or functioning in a satisfactory manner (e.g., seeking personal therapy when appropriate).
___20. Writing, including APA style, including grammar, sentence construction (e.g., varied sentence construction), punctuation, et cetera.
___21. Timely completion of the program.

Questions/Comments for the Core Counseling Psychology Faculty (Use as much space as needed).
